Gate Access

PPRVP has a secure entry gate that is accessible by transponders (stickers) which are assigned to Lot Owners and Renters (approved PPRVP residents). The Gate Managers maintain a list of gate transponder assignments and physically distribute new transponders and disable / move old transponders each time there is a change of residency. This will occur for Lot Owners when a lot is sold or purchased, and for Lot Renters upon arrival and departure per their leases. At the end of each lease and on a sale closing date, gate transponders that were previously allocated to the Lot will be disabled.

The following occurrences require the resident to notify the PPRVP Gate Managers by sending an email to: PPRVPgate@gmail.com

- **Renter departure date.** This is a courtesy to the PPRVP Gate Managers to let them know that gate transponders assigned to a Renter may be disabled on the departure date.
- **Renter arrival date.** The PPRVP Gate Managers will provide new gate transponders upon the arrival of a Renter. In some cases, a repeat Renter may be able to have original transponders re-activated if the Renter still has the same vehicles and the transponders are still affixed to them.
- **Lot Sale/Purchase date.** The PPRVP Gate Managers will disable Seller transponders or move them to a new Lot and provide new transponders to the Buyer.
- **Report a transponder that has been damaged or lost** with a vehicle that is no longer in the resident's possession
- **Request an additional transponder** for an additional or new vehicle.

New gate transponders must be obtained from a Gate Manager. New Lot Owners and Renters are required to indicate how many transponders they will need during the purchase or rental application process.

Guests and privately hired contractors are permitted to enter the park only when a resident gives access. Gate access is granted via the front gate calling directory (001 - 081) or by directly inputting a directory code without going through the calling directory. It is the Lot Owner/Renter's responsibility to allow gate access only to authorized persons.

No Lot Owner or Renter may seek to obtain a gate transponder for any individual who is not an approved resident of PPRVP. Gate transponders are for use by Lot Owners and Renters (approved PPRVP residents) only.
